

## Monitoring form for Uplands Nation scholarships

I, a member of Uplands nation, who holds ..... scholarship(s) from the nation, declare on my honor that I am an active full-time student\* at a university/college this current semester and that I do not hold a full educational grant for doctoral students or an annual income equivalent to this. I am aware that false information in this declaration may result in a repayment obligation and, in some cases, criminal liability.

In addition to the scholarship(s) at the Nation, I currently hold the following scholarships from Uppsala University and other student nations:

*Please note that these scholarships are not monitored through this form. However, as the total amount of scholarships held may not exceed the scholarship ceiling, they must be entered here.*

Do not forget to attach the basic documents: registration certificate, results certificate and nation membership. Without them, the monitoring is not valid. For some scholarships, additional documents are required.

Be sure to submit a certificate of registration that includes your registrations for the semester the monitoring applies to. If you are monitoring a scholarship for the spring semester, include the spring semester registration. If you are monitoring a scholarship for the fall semester, include the fall semester registration.

The rules for certification are the same as for the regular scholarship application.
